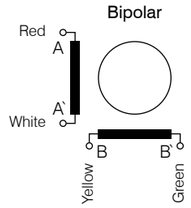
Type ST11018 - sizes S, M, L - 1.8°

Option

Pin configuration

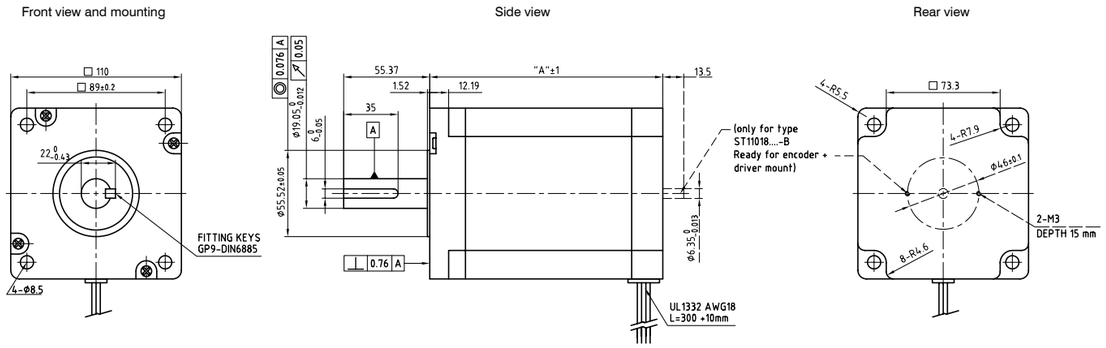


Order identifier

ST 11018 M 6504 -A

A = one shaft end
B = two shaft ends for encoder or brake

Outline drawing (in mm)



Available versions (others on request)							
Type	**Current per winding** A/winding	**Holding torque** Ncm	**Resistance per winding** Ohm/winding	**Inductance per winding** mH/winding	**Rotor inertia torque** g cm²	**Weight** kg	**Length "A"** mm
